

## WELCOME TO CSA REGISTERED CARBON NEUTRAL™ PROGRAM

Thank you for your interest in the CSA Registered Carbon Neutral™ Program and congratulations on taking this important step toward demonstrating and communicating your commitment to environmental leadership to your customers and stakeholders.

As a world leader in standards-based solutions, CSA Group developed the Program in consultation with industry stakeholders to recognize carbon neutral claims that comply with the ISO 14064 series of standards for quantification, reporting, validation and verification of GHG emissions.

Many businesses recognize that reducing GHG emissions is a long-term commitment and are choosing to act now and take responsibility for their emissions by balancing them with an equivalent amount of credible carbon offsets.

To receive a CSA Registered Carbon Neutral™ Label and be listed on the Program Registry you will need to measure your carbon footprint, have it verified by an independent third party, and then offset the GHG emissions through the retirement of an equivalent amount of validated and verified emissions reductions or removals.

The enclosed Application Package will provide you with details of the Program and guidance on how to apply.

SD(CSA-RCN)-002.003	Program Requirements
TD(CSA-RCN)-001.002	Application Form
TD(CSA-RCN)-010.002	Designation of Authorized Agent Form
SD(CSA-RCN)-005.003	2012 Pricing Schedule
TD(CSA-RCN)-009.001	Payment Remittance Form
SD(CSA-RCN)-010.001	Terms of Use
SD(CSA-RCN)-006.002	Trademark Usage Guidelines
SD(CSA-RCN)-012.001	Glossary

CSA Standards has been instrumental in the development of international environmental and sustainability standards for over twenty years and is leveraging this experience to provide a transparent and credible program.

I hope that you will take the next step and apply to receive the CSA Registered Carbon Neutral™ Label and be listed on the Program Registry.
